NCW-1984
Report / Cent-Regul.

Dear Nancy Green:

Though I did not serve on This year's NCW Committee, I along with several others did play an active role in supporting the 1984 efforts. In fact three local clubs, under my direction, sponsored a numismatic awareness program for the non-collector. This was done through a program entitled Dr. D.D. In all the members (attended on lists) reached a shared new coin collecting knowledge with about 200 people (-@ 45 minute programs).

The clubs were West Valley Coin Club, Bay Cities Coin, and Coker City Coin Club. I believe those participating should receive Most Certificates for their efforts. and so I am forwarding their names for consideration by you. Please send any and all certificates to me for distribution. Thank you. Sincerely, Dr. W. Ostromecki
